Sanitronik

THE DISPENSER THAT SANITIZES THE TOILET WHILE PERFUMING

SANYTRONIK is the **SANITIZER** suitable for all types of toilets (toilet bowl - squat toilet - urinal). It is a highly performing product with plenty of programming possibilities

SANYTRONIK with its **REFILL** (see enclosed information data), can sanitize toilets 24 hours a day or only by day or by night, from 2 up to 16 weeks (see **TIMING** for disinfectant release)

The **SANYTRONIK REFILL** is composed by a specific disinfectant with 3 functions: DISINFECTANT - DETERGENT - DEODORANT. **MEDICAL SURGICAL** registered by the Ministry of Health.

SANYTRONIK energy consumption is very low, two LR-20 batteries last 8/12 months depending on the use.

SANYTRONIK may be working with **MEDISEPT PLUS** or with other cartridges containing a biological product or a sanitizing leaving a light blue trace.

SANYTRONIK is produced complying with all security and health principles, according to the Italian law no. 626 dated 19.09.1994
